Speaker, Mr.—	
Rulings of—(also of the Deputy Speaker)	
Adjournment motions—	
Motion for Adjournment during budget session will not be admitted as members have ample opportunity to discuss the matter during the debate on Demands for Grants	12
See also page	1040
When there is an adequate remedy under the Statute, an adjournment motion cannot be allowed ..	137
Bills—	
Reference to the proceedings of a Select Committee should concern itself with the amendments to the Bill carried out by the Select Committee ..	1755
Reference to the proceedings of a Select Committee should not be made at the time of discussion in the House of the relevant Bill	1755
The Courts will give a verdict as to the legal validity of Acts ; the House cannot anticipate the decision of the Courts and deny to itself the right of passing a Bill	1673
The importance of a Bill is to be decided by the Speaker	1736
Bills and amendments—	
An amendment to omit a clause cannot be moved, but can be discussed	1690
Only grammatical errors in amendments tabled by members should be corrected by the Assembly Secretariat, but the change in the wording should not affect the main purport of the amendment ..	86
Debate etiquette—	
Members should address only the Chair and not speak across the Table	789
See also page	737
No reference should be made to any parties while Members speak in the House. They must confine themselves to the subject under discussion ..	749

Speaker, Mr.—(Contd.)**Rulings of—(also of the Deputy Speaker)—(Contd.)**

When a Member caught the eye of the Speaker and was accordingly asked to speak, the remark by another Member addressed to the Chair 'Just look here also ; you do not look at the Members rising this side' is not fair 742

Debate limitations—

Expressions such as 'Speeches by any Member is a waste of the time of the House' should not be used .. 879

Members should only mention matters relevant to the subject 2143

See also pages 2184,2191

The House should not enter into discussion regarding the administration of or any detailed manner of any matter concerning an autonomous institution. Questions in this regard are admitted only for eliciting information 2124

Debate procedure—

It is not necessary that a Minister should answer all the interruptions made during his speech ; he may only do so if he so likes 282

Debate procedure—**Conventions—**

It is not as if Members who tabled cut motions alone should speak. All members have the right to speak 737

On a non-official day, official motions can also be moved 977

General—

Any Minister can give a reply to a matter under discussion, whether he be the Minister concerned or not 366

Demands for grants—

For those demands which are technical in nature, details cannot be provided 1062

Demands for grants and cut motions—

It is in the Speaker's discretion to allow Members, who have not moved motions for reduction, to speak and the Speaker cannot give advance information if he would permit such Members to speak on Demands.

Speaker, Mr.—(Contd.)	
Rulings of—(also of the Deputy Speaker)—(Contd.)	
Division—	
A division may be pressed for only if a Member is not satisfied on the decision given by the Speaker on the basis of a voice vote and not otherwise	1243
General—	
Members should not read newspapers in the House ..	621
Language—	
It would be convenient if Members speak in Urdu, Hindi or English so as to enable the Minister to understand and reply	263
Non-Official resolutions—	
The argument that there are more important resolutions for discussion does not justify moving a motion for closure of the debate; when Members want to speak on the resolution, they may be given opportunities for the same	2176
Translation—	
If Members submit questions or motions in a language other than English, the responsibility of translation lies upon them	13
It is not necessary under the Rules to furnish translations of Bills to the House	1724
