**SRI S. JAIPAL REDDY (Kalvakurthy) :-** Mr. Speaker, Sir. My voice is choked with emotion and my mind is dim with clouded memories. Acharya Kripalani Ji was not only our oldest living leader, but since he was a nonagenarian he was also our most venerable and revered leader. His life was a saga of struggle and song of sacrifice. It may be recalled that Acharya J. B. Kripalani was the only leader of the Pre-Independent Congress who was the General Secretary of the Indian National Congress for twelve successive years. When he was the President of the Indian National Congress, we, Indians, attained Independence. So, to put in a nutshell, Acharya Kripalani was the last immortal of Independence struggle. We have still many freedom fighters in the country, but he was the last leader who achieved the national eminence during the freedom struggle. He was also the only old guard congressman, who after Independence never adorned any office. He was the stranger in the corridors of power. There were also other giants like Acharya Narendra Dev and Jaya Prakash Narayan, who while being flaming freedom fighters, never tasted the office in free India. But within the Congress, they belong to Congress Socialist Party. But Acharya Kripalani was the only old guard Congressman, who after attainment of Independence also, never tasted the office. Even at the advanced venerable age of 94, he retained sharp mind. He had not only a sharp mind, but had a sharper tongue. His witty tongue overrules the ridicule on the rule that followed the freedom of this country. He was a veteran parliamentarian. I still remember very distinctly, that when I was a student, I had been inspired by the epic parliamentary jewels that engaged Pandit ji in the wake of Chinese Aggression. One of the most moving moments, in my own humble life, was when Acharya Kripalani ji, broke down at the funeral of Jayaprakash Narayan. When Jayaprakash Narayan died, we still look forward for this polished Indian after Jayaprakash Narayan. I am bringing to your notice that Acharya J. B. Kripalani was the co-architect of Janata Party along with Jayaprakash Narayan. Of all the leaders living in the country, Kripalani, with the life of suffering, sacrifice and struggle, symbolised purity in the public life. Sir, though he was a great puritan, he was also a great fatalist. He had a powerful sarcasm. I was in Bombay yesterday to attend the National Executive Meeting of Janata Party where our leader, Mr. Madhu Dandavate was referring to one expression that Acharyaji used with reference to God in the last days of his life. The sarcastic tongue did not even spare God. Acharyaji, in the last years of his life was so depressed and gloomy. He felt that it is long to leave this world, In that mood he appears to have said "Why this wretched God not put me up?" That was the mood in his last days. The only tribute we can pay to this noble departed

soul is to live true to the ideals, values and norms that symbolised and epitomised in his career and life. The only lasting memory towards greatmen like this, is the continuing vitality of Indian Democracy. With these few words, I associate myself with the Motion which the Chief Minister moved.

## SANCTION OF AGRICULTURE LOADS AT GUDUR AND PAGIDIPALLY VILLAGES, BHONGIR TALUK

22—

8625 Q.—Sri K. Narasimha Reddy : Will the Minister for Revenue and Power be pleased to state :

(a) the proposal for the Agriculture loads at Gudur and Pagidipally villages at Bhongir taluk. Nalgonda district is pending with the Electricity Department since last four years for the reason that the load on Bibinagar feeder channel is not sufficient :

(b) whether service connections have been given to Industries from the same feeder channel by sanctioning an additional transformer : and

(c) the reasons for the sanction of service connections to industries at Bibinagar keeping the Agriculture connections at Gudur and Pagidipally villages pending ?

A—

(a) The applications for extension of supply of 12 agricultural loads at Pagidipally were received and scheme formulated in 2/80. Similarly applications for extension of supply to 12 agricultural loads at Gudur were also received and the scheme formulated in 7/80. Both these schemes could not be sanctioned, as the voltages in the area are poor. In order to improve voltages in the area, a sub-station at Bibinagar is being established and it is now under construction. The sub-station is programmed to be commissioned by the end of 3/82.

(b) and (c) Only one industrial connection of a 50 H.P. load was given supply. It is a hatcheries unit set up under Small Scale Industry under priority sector. It was financed by the Andhra Bank, Bhongir. It supplies chicks to small farmers, marginal farmers, weaker sections and educated un-employed in Nalgonda and Khammam districts. In view of the urgency and

importance of the hatcheries to small farmers, a booster was erected on the feeder as a temporary measure, till the materialisation of sub-station at Bibinagar, so that the other existing agricultural loads on the feeder are not affected due to release of supply to the hatcheries. Even after erection of the booster, still tail end voltages are poor (13-22%). It is, therefore, not possible to release agricultural loads with the booster.

The agricultural loads of Gudur and Pagidipally will be given supply, after commissioning of the sub-station at Bibinagar, subject to completion of other formalities by the ryots

#### SANCTION OF AGRICULTURE LOADS TO KESARAM VILLAGE, BHONGIR TALUK

23—

8626 Q.—Sri K. Narasimha Reddy : Will the Minister for Revenue and Power be pleased to state :

(a) 31 Agriculture Loads at Kesaram village, Bhongir taluk, Nalgonda district, is pending with Electricity Department since last five years :

(b) but of 31 AGL majority are harijans and poor and small farmers :

(c) the former and the long pending case of Kesaram village is set aside and the later and a fresh case of Ramachandrapuram and Gangasanipally villages have been considered and Service Connections have been sanctioned on the same Feeder Channel : and

(d) Bhongir M.L.A. has represented personally, and in writing for service connection to Kesaram village and action taken by the Electricity authorities in this regard, if not the reasons thereof?

A—

(a) No, Sir, 31 applications for agricultural loads at Kesaram were received only during 9/78 and are pending since then.

(b) Out of 31 applications, 12 belong to forward community and the balance 19 to Harijans and weaker sections. On receipt of applications, an estimate was formulated and found that the existing voltages are not adequate to release supply to the loads. With a view to improve the voltage conditions in the area and to extend supply to the additional agricultural loads coming up in the area one 33/11 K. V. sub-station has been contemplated at Chada village. The Sub-station was included in a Cluster Scheme which is pending for sanction by the Rural Electrification Corporation, New Delhi. Pre-appraisal inspection by Rural Electrification Corporation has also been done in 12/81 and the scheme is likely to be sanctioned during the year 1981-82.

(c) The loads of Ramachandrapuram and Gangasanipally villages were proposed in Bhongir S. P. A. Scheme which was formulated in 4/78, i.e. prior to the receipt of applications of Kesaram village. No applications were pending from Kesaram village at the time of formulation of Bhongir S. P. A. Scheme and hence its loads could not be included in the above S. P. A. Scheme. Subsequently, on receipt of sanction from Rural Electrification Corporation, the connection for loads in Ramachandrapuram and Gangasanipally have been sanctioned as they are covered by the Cluster Scheme.

(d) The Minister for Power has informed the Honourable Member of the above position and he was also told that the additional load at Kesaram would be given on priority as soon as 33/11 K. V. Sub-station at Chada village materialises during 1982.
